ALLIANCE 2025 HEDIS®

Leveraging Team Based Care to Improve HEDIS Measures and Staffing Challenges

WHAT

Alameda Alliance for Health (Alliance) invites providers and their staff to discuss how implementing the key activities of team-based care can help your practice improve HEDIS measures and combat staffing shortages by optimizing resource allocation and promoting efficient care delivery. Following this session, participants will have:

- Identified how team-based care activities can:
 - Make efficient use of available resources
 - Increase coordination of care
 - Improve morale and retention
 - Reduce duplication of efforts
- Explored specific team-based activities to test/implement in their practice:
 - Pre-visit planning (identifying/closing care gaps)
 - Huddling (collaborative care team communication leading to improved patient care)
 - Use of Standing Orders (facilitating working to the top of one's license)
 - Patient Outreach (reminders/confirmations to address access)
