2024 HEDIS Pay-for-Performance Alameda Alliance

Below and attached are the HEDIS Pay for Performance HEDIS measures for 2024. The seven core measures are:

- **Childhood Immunizations Combo 10 (CIS-10)** – Child turning two years old in 2024 and has received all 10 immunizations as specified.
- **Immunizations for Adolescents Combo 2 (IMA-2)** – Adolescents turning 13 in 2024 and receiving the specified vaccinations: 1 - Meningococcal, 1- Tdap, 2 - HPV.
- **Well-Child Visits in the first 15 months (W30A)** – Children turning 15 months in 2024 and had six or more well child visits at least 14 days apart.
- **Well-Child Visits for 15 months + 1 day – 30 months (W30B)** – Child turning 30 months old during 2024 and have 2 or more well child visits by the 30th month birthday.
- **Well-Child Visits 3-21** – 1 or more visits with a PCP in the calendar year
- **Lead Screening** – Members who had one or more capillary or venous lead blood tests for lead poisoning in 2024 by the second birthday.
- Members with at least one PCP visit in 2024 for members assigned to the PCP group.

For more information on the monitoring measures and all the coding, please see the attached Quick Reference Guide from the Alliance. These Pay-for-Performance measures are listed on the CFMG website:

https://www.childrenfirstmedicalgroup.com/files/ugd/0abdd2_a8243f34d1e94e6aaad39c26b16df35b.pdf

HEDIS and Claims

Claims with 2023 dates of service should be sent to Children First Medical Group, Inc. as soon as possible for Alameda Alliance for Health (AAH) and Anthem to be counted for HEDIS 2023. CFMG will honor all claim timeliness guidelines of 180 days.

Lead Screening

Lead screening in children is part of HEDIS. **The measure is:** 2 years of age who have one or more capillary or venous lead blood tests for lead poisoning in 2024 by their 2nd birthday.

Alameda Alliance has arranged for Quest to offer free pick-up blood draws for lead testing in the physician office. The primary care physician would use a micro capillary tube to collect the blood. Please call 1 888 MYQUEST to arrange for free pick-up.

Topical Fluoride Varnish

Effective for dates of service on or after April 1, 2023, **HCPSC code D1206 (topical application of fluoride varnish) is a non-benefit for Medi-Cal providers.** The application of fluoride varnish is reimbursable with **CPT® code 99188** (application of topical fluoride varnish by a physician or other qualified health care professional).

CFMG will reimburse up to \$27 for the Topical Fluoride Varnish. CPT code 99188 is reimbursable for children through 5 years of age. The HEDIS measure is two times a year.

If your office would like training in topical fluoride varnish training the Dental Health Department in Alameda County Public Health Department provides this training:

ODH Website: <http://dental.acphd.org/>

Alameda Alliance Initial Health Appointment (IHA) Reports

Please note that Initial Health Assessment (IHA) reports from Alameda Alliance were not distributed in January. We will send the February IHA reports when available.

PCP Annual Profiles

This month we will be sending by fax and email the Primary Care Physician profiles to make sure all the data is accurate in our database. If you have any questions on these, please contact Claudia De Leon-Gabaldon at claudia.deleongabaldon@ucsf.edu.

Thank you for taking care of the children. If you have any questions, please email Sharon.wright@ucsf.edu or call (510) 428-3492.
